

MEET THE MEMBER

Çolakoğlu Metalurji

IIMA main contact: Ahmet Işık Kunt

HQ location: Istanbul, Turkey

Size: 3 million mt EAF mill capacity, 4,5 million mt HRC production capacity and 1 million mt rebar production capacity with 1500 employees

Type of IIMA membership: Associate

Quick description of the company:

Inspired by the strength of iron & steel, Çolakoğlu® Metalurji have always striven with their might. In every project that they've undertaken, it's always been important for them to bring state-of-the-art and eco-friendly technologies into Türkiye. Both the renewal of their steel mill in 2007 and the start of flat steel production in 2010 represent investments that are reflections of this attitude. Most recently they continued to maintain their trailblazing position in the sector with Türkiye's first privately-owned hot rolling mill.

Recent interesting news or developments:

Increasing the existing 3 million mt hot rolling mill capacity by 50% in 2023, to produce 4,5 million mt annually.

Why are you a member of the IIMA / Best thing about being a member of the IIMA:

It is a great opportunity for us to be with the valuable members of the OBM community and to get to learn new technologies and follow global market trends/ news.

Additional information:

Çolakoğlu gives IIMA insight into the Turkish markets, and Ahmet Işık Kunt has recently become a member of our Executive Committee, helping to deliberate the direction of the IIMA.
